

WHO WE ARE

Tech**Titans** is a student-run idea and design competition for Utah college students. Tech**Titans** aims to inspire, encourage and support budding student inventors and designers in protecting, nurturing, and developing their ideas.

By fostering collaboration and relationships between students, researchers, universities and industry leaders, Tech**Titans** supports and encourages further research, identifies promising young innovators and promotes the work of Utah college students.

Come to **forums** and listen to **podcasts** to learn about the idea-to-development process from past competitors, seasoned innovators and industry pros.

HOW TO COMPETE

Register at www.techtitans.utah.edu

Submit a two-page summary by March 6th, addressing the following criteria:

1. Description of innovation
2. Improvement over alternatives
3. Potential benefit to society
4. Production and Marketing plan
5. Strategy for protecting your idea
